

Air Freight

As a certified Indirect Air Carrier (IAC), Global Logistics Solutions (GLS) is approved by the Transportation Security Administration (TSA) to tender freight to both commercial and all-cargo air carriers for both domestic and foreign shipments. This means that GLS can offer a broad range of options to ensure that your time sensitive shipment gets delivered when required. Pickup and delivery to air carriers is coordinated through an extensive global network of qualified agents.

Contact Global Logistics Solutions to discuss how we can efficiently and economically transport your expedited shipments.
